TECHNICAL BROCHURE

**Powder-coated extruded
aluminium 3mm**

**Easy access through
removable front door**

**Modular for individual
height adjustment**

General Info

Column for cars, including a removable and lockable front or rear door, a stable base plate for secure bolting, and a removable roof for effective protection against rain and sun.

Bottom extension base/pedestal of 1180 mm. Mount a type 6 car-column on this pedestal when a trucks-height type 6 column is needed.

Bottom bases/pedestals for modular height definition:
200 mm for pay-in-lane height
300 and 500mm for pedestrian height

Standard finish: RAL 7016 Anthracite Grey (textured). Other colours available on request.
